LAND SURVEYOR / 12D MODEL DESIGNER

– Queenstown Office

We have a vacancy for an experienced Surveyor / 12d Model Operator, to join our busy Queenstown office. We have opportunities for a practical and experienced professional to manage a variety of land development and cadastral projects within the Queenstown area, or alternatively, an experienced 12d Model Designer who can demonstrate proficiency in alignment and surface engineering designs (12d Model) for a number of unique projects. All applications and enquiries will be treated in strictest confidence.

We are seeking a highly motivated Surveyor and/or an experienced 12d Model Designer, who can exhibit the following attributes :

- Experience in subdivision design using 12d model software, NZ cadastral surveying and construction contracts and supervision, and/or 12d model alignment and engineering design
- Relevant Tertiary qualification
- Effective communication and collaboration skills
- Ability to think independently and manage projects with a high degree of autonomy

We offer the following:

- A variety of interesting projects
- A friendly office
- Attractive salary and conditions
- Employment in a vibrant and growing town, with numerous opportunities for outdoor pursuits.

For more information, or to lodge an application before 9 March 2018, please contact :
